Subject: UAM Summer School of Economics and Business, June 29-July 24, 2020
Importance: High

Dear Partners and Friends,

After 4 very successful editions, totaling 111 students from 25 countries, Universidad Autónoma de Madrid is once again offering its *Summer School of Economics and Business*, from June 29 to July 24, 2020, and we very much hope you will have some students interested. Application period is already open!

I kindly ask you to circulate among your students the attached information about our SSEB. Detailed information can be found on our new website: <https://uamsseb.wordpress.com>. Please, note that tuition fees are subject to a discount for students from partner universities, and that we are in the early-bird period, when applicants enjoy an additional discount.

The SSEB is a Summer Term, where we offer four of our regular (and most popular among international students) courses, taught in English, in an intensive 4-week format (one or two courses to be chosen from the following, 6 or 12 ECTS credits):

- Environmental Economics and Policy Analysis
- International Finance
- Global Marketing
- Doing Business in Spain

The SSEB brings together students from all over the world in a truly international environment. The academic excellence of our summer term is complimented by social and cultural events, as well as field trips, which are not offered during the regular Fall and Spring semesters.

We would also be happy to discuss an agreement to make our SSEB part of your Study Abroad programs. This could really be an effortless way for you to have a first-class Economics and Business Summer Term in Madrid. We are open to discuss any proposals.

Let me take this opportunity to thank you for your cooperation with our University, which we hope keeps growing in the following years.

Looking forward to welcoming your students!

Best regards,

Prof. Dr. Miguel Buñuel
Director

Summer School of Economics and Business
Universidad Autónoma de Madrid

Calle Francisco Tomás y Valiente, 5. 28049 Madrid. Spain.
