Subject: Linnaeus University - Nomination Information for Incoming Exchange Students - Linnaeus University Summer Academy, Summer 2020

Importance: High

Please note that the information in this e-mail is for the responsible person/office for student mobility at Johannes-Gutenberg-Universität Mainz only and should not be forwarded or shared. We kindly ask you to handle this e-mail with care as it contains log in information for your university.

Dear Johannes-Gutenberg-Universität Mainz, Greetings from Linnaeus University Summer Academy!

We are happy to inform you that we even this year may offer exchange placements to our partner institutions for our Summer Academy 2020!

Our Summer Academy is an excellent opportunity to discover the city of Kalmar but as well Sweden, and highly recommended by the students - 99% of our previous students would recommend Linnaeus University Summer Academy!

It offers an international, intercultural and interdisciplinary study environment - unique of its kind in Sweden. The students gain cultural insights together with a mix of international and Swedish students, while also getting to enjoy the Swedish summer in one of the most attractive summer cities in the country. Thanks to the Summer Academy's extensive social programme, the students return home with enhanced knowledge about Swedish culture and society, but also about Kalmar and its surroundings. The programme offers organised day-trips and weekend excursions as well as outdoor and sports activities, and cultural events. We also offer optional excursions in the weekends.

Our previous Summer Academy students mentioned this about their experience:

"The relationship between students and professors is informal which motivates you to ask questions and participate in discussions. Moreover, the classes are incredibly creative with different forms of teaching. Studying Entrepreneurship in Swedish Context was an eye-opening experience." - Farah Mirboboeva, from Russia.

"My time here in Sweden has also meant big culture clashes, most things are so different from how things are done back home - but it's been a positive learning experience." - Naolani Hendricks, from USA.

For this year as well, we will be offering an updated selection of courses, but still being workshop-oriented and having a strong student focus. We are sure there is something for every student at the Summer Academy! This is a unique opportunity for students to study in Sweden during the summer in a great summer city, meet new people with similar interests and still enhance their CVs for their future careers. We have seen a grown interest for the Summer Academy due to the programme's success the past years and we cannot wait to meet the students next summer in Kalmar!

On our website for the Summer Academy more information can be found <https://lnu.se/en/education/our-programmes/summer-academy/>

NOMINATION (deadline is March 15, 2020) - Please note the spots are distributed on first come first served basis and the nomination portal can therefore be closed earlier.

In order to nominate your students, you will have to log into our nomination portal (log-in details are provided below in this e-mail).

Once logged in, there is some specific information about the nomination and application round.

We recommend to send in the nominations as soon as possible, in case there are any questions or doubts that need to be resolved and also in order for the students to have sufficient time to apply. The nomination deadline is fixed and cannot be postponed.

Please note that nominations must be made by a representative of the student's home university with the responsibility of nominating students for the agreement in question. It is therefore not permitted to pass on log-in details to the students themselves, any unauthorized employees or to any other third party. Also, by submitting the nominations you also confirm that you and the nominated students agree to our data policy\*.
